Resume

While the Lagoon 40 maintains many similar features to that of the prior models, such as its notable elongated windows and distinct shape, this luxurious boat has many new features that prove it is a fantastic new addition to the Lagoon line.

Enjoy the stunning and modern interior created by Nauta Designs. The Lagoon 40's elongated windows allow for a lot of natural light. The interior is complete with a three-burner stove, oven, refrigerator, freezer, large dining table and many storage lockers.

On deck, the layout is similar to that of the former Lagoon models, but slight adjustments have been made for your convenience. The dining table has been rotated so that it can accommodate more guests comfortably, steps have been added from the swimming area to the cockpit for easy access, and they have made many minor spatial adjustments that make this model ideal for comfort and livability.
