Resume

Luxury and elegance:

This yacht of more than 23 meters marks an important step for Lagoon towards a world where luxury and elegance are the key words.

Lagoon has surrounded itself with the greatest for the design of its flagship: VPLP, Patrick le Quément and Nauta Design. All have worked to offer a catamaran where harmony reigns between indoor and outdoor living spaces, where compromises do not exist, where innovation is at the service of comfort and life at sea.

Particularly invested in this project, the owners have made it possible to give birth to a magnificent boat which, in everyone's opinion, is the most beautiful of the Seventy7s to have come out of the CNB-LAGOON shipyard.

Spacious and comfortable, it will delight you for your holidays in the Mediterranean or Caribbean

It has everything you need on board and more!
It is equipped with a diving compressor for lovers of the underwater world.

For those who like to play the piano, a Steinway & Sons is on board and it can also play your favorite tunes on its own, if you ask it to.

For your relaxing evenings with family or friends, a video projector with dual view screen will allow you to enjoy your favorite movies and series inside... or outside the boat!

A wine cellar, a jacuzzi, a state-of-the-art hi-fi system... This boat is full of little extras that will make you love it.
