Further informations

The Lagoon 46 in its 4-cabin version with 2 forward peaks converted is ideal for your cruise in Corsica. Here are some additional features that make this catamaran even more appealing:

Teak cockpit floor and transoms: These teak elements add a touch of sophistication and comfort to the cockpit, providing a pleasant space to relax and enjoy the view. Inverter: The inverter is a convenient piece of equipment that allows you to convert the boat's battery power into usable electricity to power your onboard electronic and electrical appliances.

Solar panels: The total capacity of 460 watts of solar panels provides a renewable source of energy onboard, allowing you to reduce your dependence on generators and enjoy a more environmentally friendly cruise.

Watermaker: With a watermaker capable of producing 100 liters of fresh water per hour, you have a source of freshwater onboard, which is particularly convenient during long cruises where water supply can be limited.

Dinghy and engine: The 340 cm long dinghy is ideal for exploring secluded coves and getting ashore. The 6-horsepower engine provides sufficient power for easy transportation and enjoying your time on land. With all these features, the Lagoon 46 offers a significant level of comfort, convenience, and self-sufficiency for your cruise in Corsica. Whether you want to explore the beautiful coastlines of the island, relax on the deck, or enjoy the pleasures of sailing, this catamaran will meet all your expectations.
